How Beautifully They Have Been Cleaned!

That is what they say when we return their garments, even

THE MEN and young men. They, too, show that look of satisfaction when our man shows them the new suit we have made from the old one.

OUR METHODS bring to soiled, out of shape, coats, suits, knit goods, dresses, etc., the same renewed life and good looks that out of door sports bring to you in bodily vigor and the glow of health.

Pure milk and only pure milk makes perfect babies. Milk is the most vital food in a child's diet—it should be selected with infinite care.
